**SYSTEM, METHOD AND ARTICLE OF MANUFACTURE FOR A
NETWORK-BASED CHILD SUPPORT FRAMEWORK**

ABSTRACT

A system, method and article of manufacture are provided for providing a network-based child financial support framework. First, a database is maintained including information on a received financial support payment utilizing a network. Further, general information is provided relating to the financial support payment utilizing the network. The calculation of a proper amount of the financial support payment may also be allowed based on a profile a user. Still yet, a history associated with the financial support payment is displayed.
